

The café is in full swing tonight, and we've had some interest in adoption for some of the cats, which is amazing. All the cats seem to be having fun and getting all the attention.

These last few days have been quite a whirlwind. Meeting Kai, and the red-haired twins. Speaking of red-haired twins, it looks like Kenji and Emi are here tonight.

I head off to the twins to take their order. Kenji is currently fussing over Monty, who is loving the tummy rubs.

Monty

Fabian!!! This guy is amazing.

Kenji

Ah, hey there Fabian. How's it going? Oh, and if you ever decide to do a "Day in the life of Japan's greatest detective" video let me know.

Emi

Ignore him. Besides, he hasn't even passed all his exams yet. He's still a rookie.

Fabian

Sure, I'll let you know. Once you actually become a detective. Is there anything I can get the two of you?

Kenji

Hmm, what was that drink I had last time? It was some kind of tea.

Fabian

Option 1: Ginger Tea

Option 2: Ichigo (Strawberry) Tea

Option 3: Earl Grey Tea

Kenji

Correct Option: Ah yes, that's the one.

Incorrect Option: Hmm, nope. I think it was Ichigo Tea.
